Procurement Title	Consultancy to Develop Dispatch Regulations
Procurement Ref. Number	MCA-B/EP/QCBS/26/3009

Submission Deadline	18 September 2026

The Accountable Entity, MCA-Belize, has received financing from the Millennium Challenge Corporation toward the cost of the Energy Project, to achieve its objective of lowering the wholesale cost of electricity in real terms by modernizing the grid and improving system efficiency and reliability, and intends to apply part of the proceeds toward payments under the contract for a Consultancy to Develop Dispatch Regulations.

MCC's funding is appropriated by the U.S. Congress and obligated to the compact upfront, with no incremental or partial funding. So, when a contract is signed with an Accountable Entity, money is already available to the Accountable Entity and, for most contracts, invoices are paid directly to Offerors by the US Treasury.

MCA-Belize now invites offers from eligible offerors for Consultancy to Develop Dispatch Regulations.

Bidding will be conducted through the Quality and Cost Based Selection (QCBS) procedures as specified in the Accountable Entity MCC Procurement and Policy Guidelines (PPG) and is open to all eligible offerors as defined in the PPG.
